

ANKIT KUMAR SINGH

FULL STACK MERN DEVELOPER

+91-7439907360 | kumaranikant24@gmail.com |  |  | 

CAREER OBJECTIVE

Passionate and self-motivated Full Stack MERN Developer with a strong foundation in HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB. Experienced in developing responsive, user-focused full-stack applications, integrating REST APIs and authentication, and working with cloud deployment and production troubleshooting.

EDUCATION

B.Tech in Computer Science and Engineering | MAKAUT University

2026 | CGPA: 7.33

Higher Secondary (12th) | Rishra Vidyapith School

2022 | 83.4%

Secondary (10th) | Rishra St. Thomas Academy

2020 | 73%

MAJOR PROJECT

JobPilot AI – AI-Powered Career & Job Search Platform | Final Year Team Project 

- Developed a full-stack AI-powered career platform for job discovery, resume building, ATS optimization, interview preparation, and application tracking.
- Contributed to frontend development, backend integration, authentication, AI chatbot integration, cloud deployment, and production optimization.
- Built responsive Dashboard, Login, and core application pages using a mobile-first approach for desktop, tablet, and mobile devices.
- Implemented dashboard modules including Resume Builder, Job Applications, ATS Optimization, Intelligent Matching, Interview Preparation, Practice Tests, Branding Toolkit, Recruiter Access, Salary Guidance, and Career Scorecard.
- Integrated frontend components with backend REST APIs for authentication, user profile management, dashboard data, and job application workflows.
- Integrated the Caddie AI Chatbot for real-time career guidance, platform assistance, and user support.
- Integrated Google OAuth and GitHub OAuth, resolving callback routing, redirect URI, and production login issues.
- Configured Vercel SPA routing to resolve refresh-related 404 errors and fixed CORS, environment variables, frontend-backend communication, Render deployment, module resolution, and build-script issues.
- Collaborated through Git/GitHub to merge team contributions, resolve conflicts, and maintain production-ready deployments.

Project: JobPilot AI – 

OTHER PROJECTS

Stock Portfolio Tracker 

- Full-stack web application for tracking and managing a stock portfolio with virtual money using React, React Router, Tailwind CSS, Axios, Chart.js, Node.js, Express, MongoDB, JWT, and bcryptjs.

Event Management Application 

- Modern full-stack event management application with real-time updates using React, Node.js, Express, MongoDB, and Socket.io.

Mutual Fund Tracker 

- Full-stack web application to search, compare, and save mutual funds using React, Node.js, Express, and MongoDB. Implemented JWT authentication, bcrypt security, and data integration through mfapi.in. Deployed frontend on Vercel and backend on Render.

Ocean Hazard Reporting Platform 

Full-stack application using React, Node.js/Express, PostgreSQL, JWT, Leaflet.js, and Docker Compose, featuring geospatial hazard reporting and deployed on Vercel and Render.

Real-Time Video Conferencing Application 

- Built with React, WebRTC, and Socket.io; supports multi-user video calls, chat, camera/microphone controls, and screen sharing with responsive UI.

LoanWise – Loan Eligibility Checker: Full-stack loan eligibility platform with authentication, multi-step applications, EMI calculation, eligibility rules, application tracking, and admin workflows. 

SigmaGPT / ChatGPT-like Application 

- Built a ChatGPT-like MERN application using the OpenAI API with real-time chat, message history, and dynamic AI responses.

TECHNICAL SKILLS

Programming: C, Java, Python, C#

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Databases: MySQL, MongoDB, PostgreSQL

Frameworks / Libraries: Bootstrap, Angular, Vue.js, Tailwind CSS

Tools / Platforms: Git, GitHub, Docker, Vite, Vercel, Render

Operating System: Linux

CERTIFICATIONS & ACHIEVEMENTS

- Google GEN AI Bootcamp 2025.
- Case-o-mania – Unstop 2025.
- Merit Certificate in the Young Turks – India's largest Skills Contest on Naukri Campus.

EXTRACURRICULAR ACTIVITIES

- Member of Coding Club, SKFGI.
- Organizer, Techfest 2025.
